

Citywide Disaster Drill

Join us for the annual drill!

Use the Yellow Cloth Strategy

In Minoh City, we are implementing the Yellow Cloth Strategy in order to quickly confirm people's safety. After a large earthquake, if everyone in your household is safe, place a yellow cloth (a bright yellow cloth that can be easily seen) near your entrance. In a disaster it's a sign to the neighborhood that you're OK.

If you carry out the Yellow Cloth Strategy...

A quick survey of the situation saves more lives!

The process speeds up! You don't have to ring each doorbell and can tell the household is fine from just a glance!

A yellow cloth! Everything here is OK! Right, on to the next!

Listen to Tackey 816 (FM81.6MHz)

In the case of a disaster, emergency information from the City will be relayed and repeated on Tackey 816 (FM81.6MHz). Please buy a portable radio and listen to Tackey 816 in the case of a disaster. You can also listen on some smartphones.

The drill will be broadcast from 10 am!

Listen to Tackey 816 on the day of the drill!

On the day of the drill from 10 am - 12 pm Tackey 816 will broadcast the drill. The show will include an example of the emergency broadcast, as well as interviews with citizens about how to prevent disaster at home. Please take this opportunity to listen to Tackey 816!

Make sure that your household is prepared!

Enough food and water for at least 3 days

Water 9 liters x No. of people in household
Each person needs 3 liters of drinking water per day (4 person household = 9 liters x 4 people)

Food Supply It's OK to use what you eat everyday
Please store food that you can eat without cooking.

- Retort pouches (okayu, zosui, stew etc.)
- Canned, bottled food

Always keep your fridge and pantry full!

Buy lots of groceries, eat the oldest produce first, and buy more as soon as you run out. Always keep a "new stockpile" in your house.

Preparing an Emergency Bag

- Portable Radio
- Batteries
- Flashlight
- Portable
- Wet Wipe Tissues
- Battery Charger
- Whistle (to call for help)
- Emergency Toilet
- Things you might need:

(some water and snacks, milk powder and diapers for babies, your regular medicine, contact lenses (or spare glasses), menstrual products, tissues, masks, thermometer, alcohol-based sanitizer)

Regularly put these items in your emergency bag, and place it near your entrance!

Confirm a meeting area with your family

Please talk with your family and decide on a place to meet if you're apart. We recommend your home, an evacuation center or a relative's house close by.

★Your evacuation center is your nearest elementary school. (In the case of the Kita Elementary School area, it is Maple Hall. For the Kayano Kita School area, it is Dai Ni Junior High School.)

For Families

So that you know what to do in a real disaster, please be sure to participate in the Citywide Disaster Drill!

In Minoh City, every year on the anniversary of the Great Hanshin-Awaji Earthquake, 17 January, the entire city runs a disaster drill. Whether it's on a weekday and the whole household is out doing different things, or on a holiday when everyone is home together, by practicing on different days of the week you can be prepared for any situation.

On a Monday morning in June 2018, the Northern Osaka Earthquake caused damage to many parts of the city. In such a large-scale disaster, it is very important to protect people's lives by quickly confirming the safety of your neighbors, and finding those who need rescue. Using methods like the "Yellow Cloth Strategy", please participate in the drill wherever you are in your designated role!

In the event of a disaster the City sends alerts via E-mail, social media and other apps!

Citywide Disaster Drill 17 Jan at 10am!

MONDAY

An announcement from the public address system speakers signals the start of the drill*

This is a drill. There has just been an intensity level (shindo) upper 6 earthquake.

The drill is on a WEEKDAY!

Please participate in the drill from wherever you are in your designated role!

*There may be changes to the schedule or the scale depending on COVID-19 (Coronavirus)

For Families

For Neighborhood Associations

(Neighborhood associations include apartment management associations) *When conducting drills, please implement infection prevention measures against COVID-19 (Coronavirus)

Check the page on the left

For Neighborhood Associations

Place a Yellow Cloth near your entrance

1 Use the safety confirmation task sheet to confirm everyone is safe

Call out to neighbors while using the safety confirmation task sheet and check the yellow cloths to confirm that everyone is safe.

Do you have the safety confirmation task sheets ready?

2 Gather the safety confirmation results

Those in charge will gather at the meeting place designated by the neighborhood association (nearby park, parking lot, etc.) to report the safety confirmation results.

3 Each representative reports to the evacuation center

*At each elementary school district evacuation center, a member of the District Emergency Management Committee will gather the results of the safety checks.
