About this map

Areas prone to flooding
This map shows flood zones which are set according to an assumed rainfall that is the largest of all rainfall that would result in the flooding of the Yodo River, Shonai River, Yono River, Katsuoji River, Mino River and branch rivers. It also shows the extent to which they are dangerous.

Areas prone to landslides
Based on topographical data and past data to show which areas close to houses and roads are dangerous. Shows steep areas with inclines over 30 degrees and over 5 meters tall where there is a danger of rock avalanches and cliff collapse.

Evacuation Centers
Shows where the evacuation centers are (your evacuation center is the elementary school in your school district)

*Dai Ni Junior High School instead of Kayano Kita Elementary School and Maple Hall instead of Kita Elementary School.

If there are areas that you feel are dangerous that aren't marked on this map, write them down on your copy.

***Along with your family confirm a route to an evacuation center, then actually try walking the route in order to make sure that it is safe.**

Typhoons & sudden heavy rain

Which is safer for your home? Is it safer to go to an evacuation center? Which is best for me? It is safer to stay home?

Landslides

Landslides Example Hazard Zone

Red Zone — Evacuate to an evacuation center — Go to an evacuation center
- ① Before it gets dark!
- ② Before the storm strikes!

High risk areas — 1 hour / 2 hours or more

Stay safe at home (on the 2nd floor or above)
- Do not go outside, or into a room facing away from mountains, cliffs and rivers on the 2nd floor or above.
- *Absolutely do not go outside in heavy wind and rain!

Yellow Zone — Stay safe at home
Do not go outside, go into a room facing away from mountains, cliffs and rivers.
- *Absolutely do not go outside in heavy wind and rain.

Route to an evacuation center — Pick a route that gets you out of a dangerous area quickly. Avoid being in danger rock areas like this.

Floods

Floods Example Hazard Zone

Danger level 2 — 1 hour / 2 hours or more

Danger level 1
- ① Before it gets dark!
- ② Before the storm strikes!

Those who fall into the 'stay safe at home' category or those who live outside of the hazard areas can also go to an evacuation center. Please do not hesitate to go to an evacuation center.

Outside of hazard areas	Do not go outside unnecessarily, please stay inside your house	Outside of hazard areas

What to do when the City makes evacuation announcements

If an evacuation preparation・evacuation of elderly people and others is announced, households in the areas asked to evacuate should:
- ■Households with elderly people, people with disabilities and small children etc, should immediately begin evacuating to an evacuation center.
- ■Those who can evacuate in the standard manner should begin to prepare to evacuate.(Start when an evacuation advisory is announced.)

Support for those who require additional aid in a disaster (Safety confirmation register of people who need additional aid)

The City keeps a register of elderly people, those with serious disabilities, those who cannot move swiftly to protect themselves and those who may have trouble calling for help if they are in a situation where they need it etc. This register is kept at evacuation centers and is sealed for safekeeping.
In the event of a large earthquake the register will be taken out of sealed storage and used in order to quickly confirm people's safety.

Those whose names are recorded

①Those who are age 75 or over and live alone, or households in which all of the members are age 75 or over
②Those who require a level 3.5 on the nursing care scale
③Those with a Grade 1 or 2 Physical Disability Handbook or a Special Education Handbook (A)
④Those who have submitted a notice of pregnancy within the past year
(For those who moved to Minoh after submitting a notice of pregnancy to a different city, town /district, it is one year from the date they moved to Minoh.)
⑤Children under the age of 2

*Those who are in the largest group for this register can request to be taken off of it.
*Please check the City website for information about how to request to be taken off the register.
