

Minoh City Information regarding the COVID-19 vaccination

For Minoh residents 65 years of age and older (those born before April 1st 1957)

Minoh City will start accepting priority reservation for the elderly on Thursday, May 6th at 9:00am. If you have an underlying medical condition, please inoculate at a designated individual medical institution if possible.

1, Start date for vaccine reservation

(1) Vaccination at mass vaccination venues

Reservation of priority vaccination at the mass vaccination venue / mass vaccination medical institution for people 75 years of age and older (those born before April 1st 1947) starts on Thursday, May 6th.

Reservation of vaccination at the mass vaccination venue / mass vaccination medical institution for people 65 years of age and older (those born before April 1st 1957) starts on Friday, May 28th.

(2) Vaccination at the mass vaccination medical institution

It is the same criteria as above “(1)” for people who can make a reservation.

See “4 (2) The mass vaccination designated medical institutions” to check reservation starting dates.

(3) Vaccination at the designated individual medical institution

Priority vaccination at the designated individual medical institution for people 65 years of age and older who meet any of the following criteria ① and ② starts on Thursday, May 6th.

① People with an underlying medical condition

② People who are staying in an elderly-care facility or having plan to admit into a facility/to use short-stay services for elderly-care within 2-months

Regarding the schedule of vaccination, please confirm with the medical institutions individually.

Same as other venues, reservation at the designated individual medical institution for people 65 years of age and older who do not meet any of the above criteria ① and ② starts

on Friday, May 28th.

2、 Procedure until making an appointment

① Make your decision whether you wish to receive the vaccine or not.

Read the Instruction for the COVID-19 vaccination enclosed with Vaccination Coupon carefully and decide whether or not to receive the vaccine.

Click the following URL for translations of Instruction for the COVID-19 vaccination (in 17 languages).

https://www.mhlw.go.jp/stf/seisakunitsuite/bunya/vaccine_tagengo.html

If you have a pre-existing condition or have experienced any allergic symptoms due to taking the vaccines in past days, please consult with your family doctor.

② Decide the venue for vaccination

Choose your preferred vaccination venue from the list of the designated medical institutions. As a general rule, the second dose must be received at the same venue where you received the first dose.

③ Confirm the vaccination dates

You need to make two vaccination appointments at once. The second dose will be given on same day after 3 weeks. Please make your own vaccine schedule to receive two doses. It has been reported that some side reactions such as fever or fatigue may be occurred on the next day of the second dose. Consider the date that you may be able to have a enough rest.

④ Make a reservation

See “ 5、 How to make a reservation” and make your appointments with either way.

※If you cannot make the priority reservations of vaccination until Thursday, May 27th, you have to wait for the next reservation period which starts on Friday, May 28th at 9:00am.

3、 Vaccination cost: Free of charge

However, when you get sick at the vaccination venue, the treatment will be expected to be paid under the health insurance coverage.

When the case is determined to apply by the Relief System for Injury to Health with Vaccination, it will be subject to refund or compensation at a later date.
