

Minoh City

Information regarding the COVID-19 mass vaccination

About the vaccine type for usage

Over the past months, the vaccine manufactured by Pfizer has been inoculated at Minoh City mass vaccination venues. At this time, due to decreasing its supply, we would like to announce that the vaccine manufactured by Takeda/Moderna will be inoculated at the three public facility's venues for Minoh City mass vaccination.

※ At the mass vaccination designated medical institutions, the vaccine manufactured by Pfizer will be inoculated same as before.

1, Start dates for vaccine reservation

(1) Vaccination at Minoh City mass vaccination venues

Minoh City will start accepting vaccination reservations for people 16 years of age and older. Minoh City mass vaccination venues are scheduled to close in the end of November along with the closure of the state-run/prefectural mass vaccination venues.

<Start date for vaccine reservation : Wednesday, September 29th at 9:00am>

<Target of vaccination days : on or after Saturday, October 9th >

<Vaccine type : Manufactured by Moderna>

● People 16 years of age and older (those born before April 1st 2006)

※ People 15 years of age and younger, on the day of vaccination, can inoculate only at the designated individual medical institution.

2, How to make a reservation

Prepare your Vaccination Coupon (coupon ticket).

Confirm the number of Vaccination Coupon, your date of birth and your preferred venue/date in advance.

When you make a reservation by LINE/Website, please refer to Minoh City's website for the detailed procedures.

5、 Things to bring on your vaccination day

① Vaccination Coupon (coupon ticket) (mailed on March 19th)

② Pre-vaccination Screening Questionnaire (mailed on March 19th) filled out in advance.

※Click the following URL for translations of Pre-vaccination Screening Questionnaire (in 17 languages). Please use the translation as a reference and fill out the Japanese Questionnaire that you received.

https://www.mhlw.go.jp/stf/seisakunitsuite/bunya/vaccine_tagengo.html

③ Identification document (driver's license, health insurance card, long-term care insurance certificate, residence card and etc.)

④ Medication Record Book (if you have)

- You cannot receive the vaccine without the Vaccination Coupon.
- Fill out the Pre-vaccination Screening Questionnaire in advance on the vaccination day or one day before the day except your signature to consent part.
- Please bring the coupon as is (do not cut them off) , it will be glued on your Pre-vaccination Screening Questionnaire by the staff at the venue.
- Please measure your body temperature at home before the vaccination. You cannot receive the vaccine when you have a fever.
- It will be inoculated into the upper arm. Please wear clothes that make it easy access to your shoulders.
- Please do not drive to the vaccination facility as in some cases, you might not feel well after been vaccinated.

• Please receive the pre-examination sheet for the second vaccination at the vaccination venue / medical institution where you received your first vaccination.

6、 Vaccination cost: Free of charge

However, when you get sick after inoculating (including vaccination day), the treatment will be expected to be paid under the health insurance coverage (at your own expense). When the case is determined to apply by the Relief System for Injury to Health with Vaccination, it will be subject to refund or compensation at a later date.
