

For Minoh residents 16 years of age and older Minoh City Information regarding the COVID-19 vaccination

Please do not double-book reservations for vaccination. If you are double-booking reservations, be sure to cancel one side.

In the future, regarding the information of the COVID-19 vaccination such as medical institutions offering vaccination and how to make reservations, we will inform you on the monthly newsletter from Minoh City office “Momiji-dayori” and individual notifications. You can also see the Minoh City website (read the QR code) to check the latest information.

1, Start dates for vaccine reservation

(1) Vaccination at mass vaccination venues

Minoh City will start accepting vaccination reservations for people 16 years of age and older.

<Start date for vaccine reservation : Monday, August 16th at 9:00am>

<Target of vaccination days : on or after Wednesday, August 25th >

● People 16 years of age and older (those born before April 1st 2006)

※ People aged 12 to 15 can inoculate at the designated individual medical institution. For details, please refer to the municipal newsletter “For Minoh residents aged 12 to 15 years”.

(2) Vaccination at the designated individual medical institution

The start date for vaccine reservations at the designated individual medical institution depends on each medical institution. (Please confirm with your preferred medical institution)

● Reservation for the state-run/prefectural mass vaccination venues is also available. (the COVID-19 vaccine manufactured by Moderna)

○ Osaka Prefectural COVID-19 Vaccination Center

People with underlying medical condition : Please make sure to consult with your family doctor about the COVID-19 vaccination.

※ For those who have difficulty inoculating in Minoh City due to circumstances such as working away from home, it is necessary to submit “the notification of vaccination outside registered area of residence” to notify the local municipality where you are staying in advance. (Please visit the Minoh City’s website or call to the COVID-19 Vaccination Call Center 072-727-6865 to see the further information about how to submit and get the certificate for notification.)

2、 Procedure until making an appointment

① Make your decision whether you wish to receive the vaccine or not.

Read **the Instruction for the COVID-19 vaccination enclosed with Vaccination Coupon** carefully and decide whether or not to receive the vaccine.

※ Click the following URL for translations of Instruction for the COVID-19 vaccination (in 17 languages).

https://www.mhlw.go.jp/stf/seisakunitsuite/bunya/vaccine_tagengo.html

If you have a pre-existing condition or have experienced any allergic symptoms due to taking the vaccines in past days, please consult with your family doctor.

② Decide the venue for vaccination

Choose your preferred vaccination venue from the list of the designated medical institutions. As a general rule, the second dose must be received at the same venue where you received the first dose.

③ Confirm the vaccination dates

You need to make two vaccination appointments at once. The second dose will be given on same day after 3 weeks. Please make your own vaccine schedule to receive two doses. It has been reported that some side reactions such as fever or fatigue may be occurred on the next day of the second dose. Consider the date that you may be able to have an enough rest.

④ Make a reservation

See “ 5、 How to make a reservation” and make your appointments with either way. **Please do not double-book reservations for vaccination. If you cannot go on your reserved date for vaccination, please cancel it as soon as you find out.**
