※It is possible that you will be unable to receive a health checkup or screening even if you are the target age

For more detailed information on eligibility and guidelines for health checkup and screenings, please see pages 5~7

How to get a health checkup or screening

STEP 1 Confirm your health checkup or screening and decide a date

STEP 2 Reserve an appointment at a designated medical institution by telephone

Minoh citizen cancer screenings Health Checkup

Dental health screening

※Also featured on pages 8~11

STEP 3 Receive a health checkup or screening

For any eligible citizen,

all of these services are availale **free of charge**

Items to bring: ID that can verify your address, name and age (My Number card, etc.)

※A voucher may be needed depending on the kind of health checkup

STEP 4 Review the checkup results

If you require a thorough examination or treatment, be sure to make an appointment

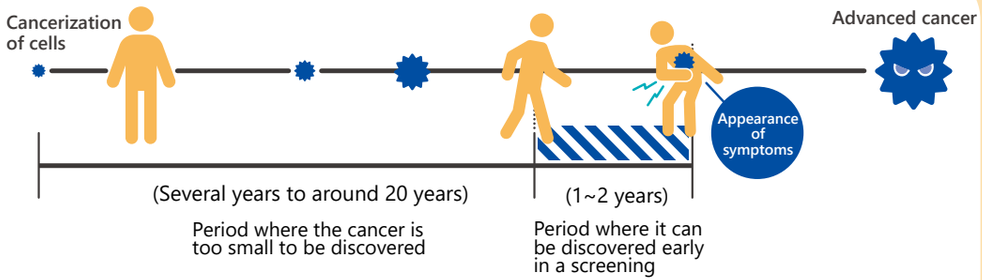

＼To those who think they don't need a cancer screening／

Cancer can develop even if you don't have any symptoms!

In Minoh City...
Cancer screenings are all free!

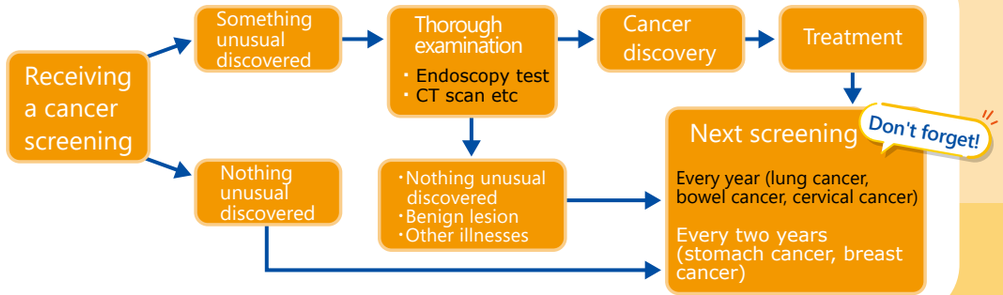

Cancer screening is conducted to check whether cancer is present in healthy people who have no symptoms, with the goal of reducing cancer-related deaths through early discovery and treatment.

Early discovery and early treatment before symptoms appear

- **90%** of cancer discovered in the early stage can be cured
- **Regular screenings** are important for early discovery

The surprisingly little-known process of cancer screening

If you are told you need a thorough examination...

Even if you are told you need a thorough examination, it doesn't mean you have cancer.
Of those that are told they need a thorough examination, only **1.09~5.45%** are actually diagnosed with cancer. There is a possibility of other illnesses, so be sure to receive a thorough examination.

Minoh citizen cancer screenings

The target age is considered to be the age you turn by 31 March 2027 (People whose birthday is after this date can have a checkup from the 1st April).

Inquiries Health Promotion Division
TEL 072-727-9507 FAX 072-727-3539

Letter key 対... Target 内...Details 注... Precautions
No voucher required for cancer screenings

A Stomach cancer

対 **People at an even-numbered age 50 and over**
内 Select either "Gastric X-ray (Barium)" or "Endoscopy (Stomach Camera) test*"
注 People who are taking blood thinners (antithrombotic drugs,etc.) cannot get an endoscopy (stomach camera) test.
A sample from the test suspected of being stomach cancer may be taken for further testing, in this case you will need to pay the fee.

B Lung cancer

対 **People over 40 years old**
内 Chest X-ray examination

C Bowel cancer

対 **People over 40 years old**
内 Stool test
Please obtain a stool sample container from the medical institution you will be screened at and collect .2 days of stool samples
注 People who have had a colonoscopy within 1 year cannot get this screening.

D Cervical cancer

対 **Women over 20 years old**
内 Visual inspection, cytodiagnosis, internal examination
注 Please do not get a checkup within 1 week .after the start of your period

E Breast cancer

対 **Women at an even-numbered age 40 and over**
内 breast X-ray(Mammography)
注 People who have had breast enlargement surgery, have a pacemaker, are pregnant or may be pregnant, or are breast-feeding cannot get this screening.

F Prostate Cancer

対 **Men aged 55, 58, 61, 64, 67, 70, 73, 76**
内 Blood test
注 People who are already having treatment or are currently under observation for prostate cancer cannot get this screening (because the reference values for the test may differ)

One screening isn't enough to protect you

Please note

- .If you get the same screening more than once in the same financial year, you may need to pay back the fee
- Reservations fill up quickly in February - March every year. Please make a reservation as soon as possible.
- There may be other cases not listed above where you cannot get this screening, so please first check with the medical institution you will be screened at.
- People with odd numbered ages who did not have a stomach or breast cancer screening in the previous financial year are eligible for screening.。

Please check in advance with the Health Promotion Division (TEL072-727-9507)

Did you know?

Gum Disease can affect your whole body!

Gum disease is a chronic inflammation caused by bacterial infection. It is known that this bacteria creates material (such as toxins and inflammation) that can enter your bloodstream and badly affect your whole body. By protecting the health of your teeth and mouth, you can protect your overall health.
So you can enjoy food with strong teeth and stay healthy...

Get a dental checkup once a year!

Child Vaccination and Health Checkup Calendar

Vaccinations are given to protect children from illnesses caused by viral or bacterial infections.
Immunity through vaccinations prevents the outbreaks of infectious diseases, so please remember to get the law-required vaccinations.
Vaccination pre-examination slips (for vaccinating children during infancy) are issued in the Vaccination Handbook (vouchers) when the birth is registered.

Please make good use of apps or scheduling books to set up your own vaccination schedule, so that you don't forget to get vaccinated
(Vaccination information is not sent out to individuals even when it is time for a vaccination)
Click here to download the free "Minoh Childcare App". (Google) (App)

Get vaccinated! Child Vaccination Guide

How to get vaccinated

Make a reservation to your preferred designated medical institution offering vaccinations (p.18).

Items to bring: Maternal and Child Health Handbook, Vaccination Handbook (pre-examination form)

Cost: Free of charge if done during the law-required period at a designated medical institution (except for K)

Inquiries:Child Health Division TEL 072-724-6768 FAX 072-721-9907

Letter key 対...Target 時...Date/time 所...Location 申...Apply 持... Bring 内...Details 注...Precautions

We Love Vegetables Baby Food Class

(city website)

対 Children 2 - 3 years old and Caregivers
時 8 May、10 Jul、11 Sep、13 Nov、8 Jan、5 Mar
All Thursday 10:30 a.m. - 11:30 a.m. (reception from 10:15 a.m.)
所 Chuo Lifelong Learning Center
持 Maternal and Child Health Handbook, hand towel
定 Limited 7 groups (priority given if first-time)

There are a lot of children who do not like vegetables, but it is surprisingly easy to change what they like and dislike. If given a chance, children can learn to enjoy vegetables they didn't like before. The We Love Vegetables Baby Food Class held by the city is a class where parents and children can have fun together by looking at, touching, tasting and enjoying seasonal vegetables. Please come along with your child!

Come along to the Ohisama rooms and Ohisama Hiroba!

Ohisama rooms are spaces for babies from age 0. They can play with toys and enjoy talking with others. Their caregivers can also receive information about child raising. These are open spaces that you can use at certain times without a reservation so please come along.

■There are 2 Ohisama rooms in Minoh City!
Kayano: 1-19-4 Kayano (Right-Pia 21 2F) TEL 072-723-5433
Hijiri: 6-14-34 Ina (Ina Fureai Center 1F) TEL 072-734-8858

\\Ohisama Hiroba//
We take many toys from the Ohisama rooms and go out into the community. This is a great chance to meet other parents in your neighborhood.
○ Date: Posted in the City Magazine and City Website every month.
○Main Locations: Saito no Oka Community Center, Todoromi no Mori Gakuen, Shinmachi Peace Garden Community Center, Seinan Library, Niina Community Center, Humans Plaza, Higashi Lifelong Learning Center, Onohara Regional Communication Center, Citizen's Meeting Building, etc.
